SUMMARY

B.Tech student specializing in **Artificial Intelligence and Machine Learning** with hands-on experience in **Python, Java, Web Development, and SQL**. Currently pursuing a **Python Full Stack Developer Internship**, gaining practical experience in HTML, CSS, JavaScript, jQuery, Python, Django, and SQL. Interested in developing scalable web applications and applying programming skills to real-world software development problems.

TECHNICAL SKILLS

Programming Languages: Python, Java, JavaScript
Web Technologies: HTML, CSS, JavaScript, jQuery
Backend Development: Python, Django
Database: MySQL, SQL
Tools & Platforms: Git, GitHub, VS Code

INTERNSHIP EXPERIENCE

Python Full Stack
EduSkills Academy

- Developing practical web applications using **HTML, CSS, JavaScript, jQuery, Python, Django, and SQL**.
- Gaining hands-on experience in **frontend development, backend development, database integration, and full-stack application development**.
- Working on application development tasks to understand the complete software development workflow from user interface to backend and database.

PROJECTS UNDERTAKEN

Online Community Marketplace Web Application
Technologies: HTML, CSS, JavaScript, Python, Django, MySQL

- Developed an online marketplace web application where users can create accounts, post products or items, browse available listings, and manage their own posts.
- Implemented a user-friendly interface using **HTML, CSS, and JavaScript**, with **Django and MySQL** used for backend functionality and data management.
- Designed the application to support product listing, searching/browsing, user management, and database-based information storage.
